Hi Greg,

Thought this may be of interest to you in relation to Searchlight. The video clip mentions the annual Eagle Counts at Lake Mohave. NPS does have survey records going back many years. This may come up as a concern for NPS when/if the Supplemental EIS for Searchlight regarding Eagles, etc. gets underway. Please keep me posted.

Thanks a million!
Amee

Hi everyone,

Lake Mead NRA received some great news coverage last night that I wanted to share with the entire staff. The annual bald eagle survey is underway, and News 3 joined our resources crews on the first count earlier this week. You can watch the story here:

This is the only item we have for the FOIA on searchlight.... The other items are client/attorney communications.
